

# AMPHIBIOUS WARSHIP SPENDING BY STATE: 2017-2021

711 companies in 42 states and over 250 Congressional Districts nationwide provide parts worth over \$1.86 billion for the construction of amphibious warships.

These suppliers represent skilled labor and economic security for local communities and families. Stability in the amphibious warship construction program is critical to our national security, as well as the nation's defense industrial base.
